

JEDI-KAM COMMODITIES LIMITED

Let's Feed the World

COMPANY PROFILE

INTRODUCTION

Jedi-Kam Commodities Limited is a mid-size Agribusiness based in Kampala, Uganda. We specialize in the production, sourcing, processing & marketing of various cereals, pulses, oilseeds, spices and coffee. We have a large network of out grower farmers & co-operatives, use modern processing & storage facilities.

We value continuous improvement in all that we do ensuring maximum standards are achieved, well knowing that such standards can deliver a point of difference for our esteemed customers.

Jedi-Kam Commodities Limited is incorporated in Uganda and was registered as a company on 8th December 2020 and a certificate of incorporation (Number 80020002819416) was awarded by the registrar of companies.

VISION

Our vision is to be a leader in the conception and implementation of agricultural projects, with a focus on the establishment of agricultural farms, farm management, production, sourcing, processing and operation, sales and marketing of agricultural products.

MISSION

To improve the quality of life of farmers, communities, co-operatives, companies and businesses through production, sourcing, processing, diversification, mechanization and marketing of agricultural products in Uganda.

To provide the highest level of quality produce to our clients. We are committed to providing quality, valuable produce that meets our clients' expectations.

To make all our customers easily access safe quality food.

COMPANY VALUES

- Relationships: Agriculture is a people business. The company strives to connect small farmers in the industry to share knowledge, resources and grow together. Therefore, we encourage partnership, volunteerism, and mentorship among the stakeholders along the value chain of our products.

- Service & community engagement: The company focuses on serving Individuals in the general community. The effort is through the creation of a reliable market with high-quality farm products that create satisfaction to both the consumers and small-scale farmers without discrimination of gender, religion and disabilities.
- Training & Development: Agriculture is constantly evolving, and we want to meet the challenges of a changing world by promoting Continual education and training to build on our talents and develop new skills on the best use of available resources among the members of the company's value chain.
- Environment: The ability to feed the future is vested on the proper conservation of the land and environment we are living in today. Biodiversity Conservation measures are part of our agriculture practices and we encourage our consumers and small-scale farmers to practice habits that conserve our environment.
- Consistency: No matter what area of the food industry you are engaged in, you need a consistent supplier that doesn't let you down. You can't build your own business on a solid footing if your supplier lets you down or is inconsistent with the produce they supply.
- Sustainability: Sustainability is a serious global issue but we work incredibly hard at all stages of production, whether it's in our storage & packing centers or with our growers, to keep standards high and provide our customers with food that helps their own business grow too.
- Quality: Our supply chain is optimized and we all work together to make sure that our crops are healthy, plentiful, and of the standard we expect for our customers.
- Integrity: Integrity is the practice of being honest and showing consistent and uncompromising adherence to strong, moral and ethical principles and values. Jedi-Kam Commodities Limited commodities strongly believes that to give real service, you must add something which cannot be bought or measured with money and that is sincerity and integrity.

COMPANY ORGANOGRAM

CEO MESSAGE

What I am driven to do is to ensure Jedi-Kam Commodities Limited brings wealth from our projects to the community and to our clients. From the first day of planning the project, we need to feel connected to the community, connected to the environment in which the project is about to be placed. We feel that besides the business, we are there for the people that will benefit from the project, both directly and indirectly, starting from our client and its personnel up to the service suppliers and the consumers.
